

**RDPE: Delivering success through local action  
3rd and 4th February 2010  
Dunchurch Park Hotel and Conference Centre**

**Fringe Activity – Questions Boards**

The following information has been transcribed from post-it notes added to the various Questions Boards at the venue. We have grouped them into topics for convenience:

**LAG Structure**

- Share examples of LAG membership
- Share LAG member induction packs
- What range of skills and expertise do LAGs need in their members?
- What are the strengths of the LAGs?
- How do the wider advisers in Lindsey Action Zone LAG work – what is their role?
- How can we get regional tourism organisations included in LAGs to develop projects? Any ideas?

**Trans-national / Inter-territorial Cooperation**

- What are other LAGs doing to tackle the issue of defrayal of expenditure?
- How do you draw down funding for trans-national links? National not regional?
- How can LAGs support trans-national cooperation with so few staff?
- How do we fund exploratory visits / meetings to develop trans-national and / or inter-territorial cooperation?
- How can we work better with RDAs?
- Have other RDAs written any papers about cooperation? EMDA has one so let's get them together.
- How can communities benefit most?

**Other**

- LAGs have targets, so how can there be spare time to develop ideas / how can spare time be used to develop ideas?
- Differing approaches re funding development work?
- Is there any conformity / consistency between accountable bodies re risk?
- How is everybody getting on establishing small grants?
